

6 April 2025

Dear Parents/Guardians,

With the holidays in full swing, many of you may find yourselves letting out a deep sigh, realizing that while your children get a break, you might still have to continue with your usual work routines. It's understandable to feel concerned, especially given the recent news and stories in the media highlighting the risks and dangers that children face these days.

This letter serves as a gentle reminder to stay vigilant during the holiday season and in fact always. Please ensure you know where your children are, who they spend time with, and remain mindful of what they watch and share on social media. Most importantly, with tests, assessments, and homework behind them, take advantage of the more relaxed schedule to make the most of your time together.

Here are some ideas: cook meals as a family, enjoy wholesome movies, play board games, or go for walks. Simply spending time together, being your authentic selves, can have a profound and positive impact on your children. Remember, nothing can replace Godly parenting.

**Good News:**

On 27 March 2025, during ShowUp—a notable Cultural and Arts festival—The Way Christian School proudly received two of the four golden awards of the evening! We are incredibly blessed and proud of the continued growth in every aspect of our school.

We also want to highlight the great success of the Burger Drive-By held on 28 March 2025! A big thank you to the PTF members—parents, staff, and learners—who worked tirelessly to make the event a roaring success.

**Important Notice:**

With growth often comes the need for adjustments. From 7 April until early May, we kindly ask that no parents or transport stop to pick up or drop off learners at the bottom property. During this period, contractors will be paving the parking areas in the bottom parking area. Please use the top property only for drop-offs and pick-ups. Learners may enter the school via the Court gate or foyer during this period. After entering vehicles should exit by turning at the gate and exit as usual. Please also remember to have your The Way sticker clearly visible in your vehicle. Vehicles not showing stickers will be asked to sign in.

Thank you for taking the time to read this letter and for sharing in the joy of our vibrant school community.

Kind regards

Sanet Bulwan  
Executive Principal
